

Product Information

INDUSTRIAL AIR COMPRESSOR OIL

DESCRIPTION

A heavy-duty air compressor oil engineered to cope with rigorous demands of industrial, reciprocal, rotary and screw type air compressors. This outstanding product is compounded with selected base stocks for minimum carbon deposits. Special ashless additives provide excellent heat resistance, long oil life and excellent anti-wear characteristics with virtually no varnish or carbon build-up. Rust and oxidation inhibited, non-foaming and has excellent demulsibility characteristics.
