## NO. 1500 J-MAX FLEX-TREAT HP FI HEAVY-DUTY DIESEL FUEL SUPPLEMENT

- **J-MAX FLEX-TREAT** is a heavy-duty, multi-functional diesel fuel supplement formulated for **ULTRA-LOW** diesel fuels that are on the market today. US2007/US2010 engines are being equipped with more complex injectors with much tighter tolerances and the growing use of **BIO** blended fuels are adding more challenges to equipment operators.
- Today's diesel fuels must meet the rigid requirements of Tier III and Tier IV emissions for the 2007 and newer engines. Comprehensive testing has proven **J-MAX FLEX-TREAT** controls and eliminates *deposits* by improving the thermal stability and oxidation resistance in today's fuels. Vastly improved detergents insure **ZERO** deposits and extended filter life up to 5 times longer.
- **J-MAX FLEX-TREAT** also contains a **CETANE IMPROVER** for faster, cleaner starts and improved power and restored power in troubled engines. State of the art LUBRICITY additives restores lubricity requirements that are removed through the refining process. **J-MAX FLEX-TREAT** is recommended to be used in three different ratio's to achieve the claims of various conditions of engine operation
- **J-MAX FLEX-TREAT** is a multi-use additive formulated to treat fuels under varied conditions of operation and use. This not only allows user to correct problem situations in varied equipment and also help control treatment costs. **J-MAX FLEX-TREAT** is also available in a **WINTERIZED** version **NO. 1510W WINTERIZED J-JMAX FLEX-TREAT**

### MIXTURE RATIO

1-3000	1-2000	1-1500
CETANE UP TO 2	CETANE 3-4	CETANE 4-5

### CONTAINER SIZES

275 Gal. TOTES	55 Gal. DRUMS	2-2.5 Gal. CASES
----------------	---------------	------------------
